

Memo

To: County Clerks, County Board of Election Commissioners and County Election Coordinators

From: Tim Humphries, General Counsel for the Secretary of State

CC: State Board of Election Commissioners

Date: 10/17/2006

Re: Certification of Logic and Accuracy Testing Results Reminder and Request

§7-5-515 states that the County Board of Election Commissioners (CBEC) in each county must test voting machines prior to use in any election. After completion of the test, the CBEC shall certify the accuracy of the voting system and file the test results with the county clerk.

Once the test results have been filed in your office, please notify your state election coordinator of the L&A certification date by faxing this form back to 501.682.3408 or 3548.
